

- Facilities building; some outstanding items remain; work is ongoing to address these.
- The transition from hardstanding to grassed area rectification works has been completed with a long-term temporary solution in place to facilitate reopening.
Long lead items have prevented completion in line with the specification, remedial works will be required at later date.
- U9's playground: Some minor cosmetic remedial works (long lead) are required.
To facilitate reopening these activities will be completed at a later date.

Thank you to everyone who has worked tirelessly on the project.

The Recreation Ground will quietly reopen for all to explore, and we look forward to welcoming everyone back.

If the gates are open during opening hours, please come in, have a look around and enjoy the improvements.
